Dear Karel,

With our development project now well on track, I would like to pause and take this opportunity to thank you for your invaluable contribution to the success of our European Logistics Centre East project.

From the start of site selection and throughout the various phases of request for quote, due diligence and lease negotiation, your in-depth knowledge and experience of the market dynamics, legal framework, local players but also your understanding of multinational corporation investment processes proved key to achieving tight timing and budgets.

We look forward to your continued support during construction process and hope to be able to collaborate with you on other industrial real estate activities in the near future.

Best regards,

Philippe Godin
Manager Contracts & Projects
